

THE UNIVERSITY OF SCRANTON
PANUSKA COLLEGE OF PROFESSIONAL STUDIES
HEALTH ADMINISTRATION

About the Program

Health administration integrates courses from the health and business administration programs and is designed to develop the skills needed for management positions in a variety of fields. The curriculum is interdisciplinary, emphasizes knowledge of global health care issues and includes a minor in business administration.

Outcomes & Opportunities

- The major emphasizes experiential learning by requiring a three credit, 120-hour internship, with a second three-credit elective internship, as well as 10 hours of community service each semester.
- Students are given a broad base of knowledge for securing entry-level positions with public and private agencies, organizations such as hospitals, insurance and managed care companies, pharmaceutical firms, community health and rehabilitation facilities.
- The curriculum also provides a theoretical foundation for future graduate-level education in various disciplines such as public health, health administration, health policy and planning, gerontology, law school and business administration.
- An accelerated Master of Health Administration (MHA) degree program is available to University of Scranton undergraduate health administration students who meet specific admissions criteria.
- High school seniors interested in health administration may apply for a direct-entry seat in the accelerated Master of Health Administration (MHA) program at The University of Scranton.
