A DAY ON THE COMMONS
OPEN HOUSE
FALL 2017
A MESSAGE FROM THE PRESIDENT

Thank you for your interest in The University of Scranton and welcome to Open House!

During my installation as president in August, I emphasized how important it is to me that our students graduate not only with a diploma, but also with hearts that desire to use their gifts and talents in the service of God’s people. I think you’ll find that this is how we stand out in the higher education community. We are truly a school of the heart.

You may have heard that Scranton ranks among the top colleges for the value it provides to students. The Economist ranks us No. 22 in the nation for the impact a Scranton education has on the earnings of its graduates. This is something our community is rightly proud of, but it doesn’t tell the whole story. We also intend to provide our students with the tools to be citizens of the world through a broad liberal arts education grounded in the Ignatian tradition, leadership opportunities, a global perspective, service opportunities and much more.

It is my hope that today you will learn more not only about studying at our Catholic and Jesuit University, but also about the value of the education you can receive here.

All my best to you and your family during your college search.

Sincerely,

Rev. Herbert B. Keller, S.J.
Interim President
