CYBERCRIME & HOMELAND SECURITY

COLLEGE OF ARTS & SCIENCES

ABOUT THE MAJOR

Cybercrime presents a global challenge, driving rapid expansion in the cybersecurity field as organizations seek skilled professionals to protect sensitive data and systems. This major prepares students to evaluate and manage cybersecurity incidents, defend against evolving threats, and develop proactive security strategies in high-demand sectors like finance, healthcare, and government.

OUTCOMES & OPPORTUNITIES

- Our campus's proximity to the county seat and accomplished alumni in government and law create valuable internship, networking, and research opportunities for our students.
- Designed with expert input, our curriculum provides cutting-edge cybersecurity knowledge, equipping students with practical, job-ready skills to tackle evolving security challenges.
- Graduates pursue careers in cyber forensics, security, intelligence, military, and law enforcement, including roles at the FBI, NSA, and Homeland Security. The program also prepares students for cybersecurity certifications.
