

THE UNIVERSITY *of* SCRANTON

A Catholic & Jesuit University

The word "FRESH" is displayed in large, white, sans-serif capital letters against a solid purple background. Each letter serves as a frame for a photograph of students at The University of Scranton:

- The letter 'O' features a circular inset showing a "Welcome THE UNIVERSITY OF SCRANTON" banner above a group of students walking on a paved path.
- The letter 'E' contains a rectangular photo of three students sitting on stone steps, smiling, with vibrant autumn foliage in the background.
- The letter 'N' includes a vertical rectangular photo of two students walking outdoors; one is wearing a purple sweatshirt with "SCRANTON" printed on it.

Other letters ('F', 'R', 'S', 'H') are also present but do not contain photos.

FALL 2025

A Message *from the* President

Dear Friends,

Thank you for joining us at Open House! We hope today will spark your curiosity, inspire your dreams, and give you a glimpse of the vibrant life waiting for you at Scranton.

Rooted in our Catholic and Jesuit values, we see education as a journey of discovery — of purpose, of potential, of self. That’s why we’re committed to getting to know you as individuals and helping you pursue your dreams. Everyone you meet today is here to guide, support, and celebrate your next steps.

At Scranton, we believe that a great education should be both exceptional and accessible. That’s why we’re honored to be recognized as a “Best Value” school by *U.S. News & World Report*, *Forbes*, and *Money*. These accolades affirm what our students already know: investing in Scranton means investing in a future filled with purpose. Just ask the Class of 2024 — 99% launched into careers or graduate programs within a year of graduation.

We’re here to support you — every step of the way. When our students discover their true potential and purpose, we consider it one of our greatest achievements. That’s why we’ve built an environment where you can thrive both personally and academically. And because we believe opportunities should be accessible, 99% of first-year students receive scholarships and grants to help make a Scranton education possible.

Your time at Scranton will be transformative — expanding your worldview, deepening your values, and helping you grow in ways you never imagined. This fall, we welcomed the Class of 2029, a vibrant group of students from across the country and around the globe. Each brings a unique story, and together, they shape a campus community that celebrates diversity, honors every voice, and fosters belonging.

Today’s adventure will take you from the energy of the Byron Complex to to the heart of campus on the Commons down to our newest building, Weiss Hall. Wherever you go, we hope you feel the joy, pride, and welcome that make Scranton home. And I hope to see you in your Scranton purple.

Thank you for spending time with us and considering Scranton as part of your journey. We can’t wait to welcome you to our community. Go, Royals!

Yours Faithfully,

Joseph Marina, SJ
Rev. Joseph G. Marina, S.J.
President

1. Humanities & Undecided Presentation

Whether your student is passionate about literature, language, history, philosophy, theology or the arts – Scranton’s Humanities-focused programs offer a rich, flexible foundation for academic and personal growth. If they’re still deciding, we can help with that process, too.

2. Social Sciences Presentation

Scranton’s Social Sciences-related programs help students explore how people live, work, and govern across cultures and communities. Whether drawn to criminal justice, political science, psychology, sociology, or communication, students gain a strong interdisciplinary foundation for academic and career success.

3. STEM Presentation

At Scranton, STEM students dive into the forces that shape our world – from biological sciences, chemistry, and computer and data sciences, to engineering, physics, and mathematical theory. Whether exploring how things work or designing what comes next, students build a versatile foundation that prepares them for advanced study, meaningful careers, and real-world impact.

Meet with University representatives to learn more about academic majors and programs.
