The University of Scranton
PREVIEW DAY FOR ACCEPTED STUDENTS
SATURDAY, MARCH 26, 2022
Congratulations on being accepted into the Class of 2026 at The University of Scranton and thank you for being here with us today!

I am approaching my one-year mark as the 29th president of this fine university and, during my time here, I’ve been enormously impressed by the great work of our faculty and staff and their genuine devotion to our students.

Ninety-nine percent of students from the Class of 2020 were employed, continuing their education, or engaged in service within one year of graduating. It is the shared dedication to the values of a Jesuit education that help to propel our students toward where they want to be in their careers.

We have been widely recognized for our authentic commitment to students. For example, this past year, U.S. News & World Report elevated the ranking of the University to a top five school in our region. This marks nearly 30 years among the top 10 schools on that list. Such accolades are certainly appreciated but rankings cannot fully illustrate what you will experience at Scranton as an undergraduate — from discoveries in the lab to service for the sake of others to lively philosophical discussions to a spirit of entrepreneurship in business.

The word most often used to distinguish Scranton from other universities is “community.” Today is the day to start integrating yourself into that community, and so I invite you to tour the facilities, meet new friends and introduce yourself to members of our impressive faculty. I’m sure you will find that The University of Scranton feels like home.

I hope to see you in the fall. Please be assured of my prayers and best wishes for all that lies ahead!

Yours Faithfully,

Rev. Joseph G. Marina, S.J.
President
